MEMORANDUM FOR: Deputy Director of Central Intelligence

SUBJECT : Reorganization of the Office of the Comptroller

REFERENCE : Memorandum dated 4 May 1962 to DDCI from Comptroller,
same subject

I have the following comments in connection with the specific recommendations made in paragraph 5.a. of reference memorandum:

25X1A9a

a. Paragraph 5.a. - As I understand it, the incumbent (Mr. [REDACTED]) will not be transferred to the Office of the Comptroller but will remain in his present organizational assignment and perform essentially his current duties. The change in title, therefore, is misleading and confusing to me, and I do not concur in this recommendation.

b. Paragraph 5.b. - The request for four positions to perform this important function is modest, and I would certainly concur in it. However, it is my understanding that it is to be Agency policy to hold the Fiscal Year 1964 and subsequent budget and personnel ceilings to the Fiscal Year 1963 level. I assume that the Comptroller will prepare, as he has done in past years, a policy paper for the Director's approval setting forth budgetary allocations and personnel ceilings for Fiscal Year 1963. I know that there are going to be many requests for personnel ceiling increases which must be taken into account in this exercise, and I would recommend that approval of these four positions be with the understanding that they must be included or absorbed in the final allocations approved by the Director.
